

Blinding Power

ATGI Power Pod

Power Pod Features / Options

- High Power RAM Air Turbine (HiRAT®)
- Thermal Management System
- Deicing System
- DC Or AC Power
- Standard Attachment Pylon

Power Pod Benefits

- Independent & Autonomous Power Systems
- Variable Power Output Tailored For Multi-purpose Mission
- Modular Open System Architecture (MOSA) For Maintenance And Repair
- Integrated Fail Safe Mode

Power Pod Specifications

- Available Power Option: From 10 To 300KW
- Size: 5" to 30" Diameter Pod

Power Pod Operating Range

- Altitude: Sea Level To 65,000 Feet
- Speed: 102 KCAS To 500KCAS (Mach 0.2 to 0.9)
- Temperature: -65°F To 225°F

Power Pod Platforms

- Airborne Electronic Attack Fighter Jet
- Long Endurance UAV
