

Blinding Power

ATGI Intelligence Surveillance Reconnaissance (ISR) Pod

ISR Pod Features / Options

- ATGI Proprietary Power Generation Technology (HiRAT®)
- Standard Equipment Rack Mount
- MOSA (Modular Open System Architecture), Fully Customizable
- Standard Attachment Pylon
- Thermal Management System
- Deicing System
- DC Or AC Power

ISR Pod Benefits

- Compact, Independent & Autonomous Power Systems
- Modular Design For Maintenance And Repair
- Integrated Fail Safe Mode
- Low Drag

ISR Pod Specifications

- Available Power Option: From 1 To 30KW
- Size: 5" to 30" Diameter Pod

ISR Pod Operating Range

- Altitude: Sea Level To 65,000 Feet
- Speed: 102 KCAS To 300KCAS (Mach 0.2 To 0.6)
- Temperature: -68°F To 225°F

ISR Pod Platforms

- UAV
- Commercial & Military Aircraft

3489 SE Gran Park Way | Stuart, Florida 34997
